## "ROUND-UP" SALE

## Plain Facts About Shoe Selling

'According to some advertisers, the less you pay for shoes the more you get. Do you believe that? Do you believe that you are getting the saving they offer you when they put up a \$3.00 shoe without a reputation to \$3.50 and sell it for \$2.85, when the Walk-Overs sell the same shoe for \$2.45?

This trick is as old as Methuselah, and every unscrupulous merchant resorts to it. With the Walk-Over shoe you take no such chance. It is a shoe that is sold the world over and has a reputation, the price is stamped on the bottom and is sold by a shoe store with an established reputation for honesty and fair treatment.

## BIG PENS FOR KILLING PLANT

Arrangements to Take Care of Large Shipments of Cattle.

Capacity for 50,000 head of cattle, horses, sheep, hogs and other live stock will be provided for in the new stockyards which are to be built in southeastern El Paso in connection with the killing plant. This will be the largest yards in the southwest and will provide ample yardage for the big importation of livestock which is expected from Mexico with the cessation of the present revolutionary trouble.

The sanitary pens will have a capacity of 500 cars of cattle, the quarantine pens 84 cars, the branding pens 100 cars, the dipping pens 25 cars giving a total capacity for cattle of 28,750 head. The capacity of the hog pens will be 10 cars or 1000 head, the sheep pens 12 cars of 1,250 head, range horses under sheds 200 head and stable horses 300 head.

Overflow pens will be provided to care for additional shipments should the rush become so great as to tax the capacity of the yards.

In addition to the stockyards, which are now being surveyed, mapped and planned, the company will install seven and one half miles of belt railroad to connect the yards with the various roads running into El Paso.

It was at first thought that five miles would be sufficient to handle all of the cattle business from the different roads but a survey showed that it would require an additional two and one half miles to top all the trunk lines.

**Cattle Movements Heavy.**  
Cattle movements from southeastern Texas have been heavier this season than in many years, and the activity of eastern ranchers in dipping stock is fast bringing about a healthy stock condition says Nat Parks, general live stock agent of the Sunset lines in Texas, the G. H. & S. A. and Joint roads. Mr. Parks is in El Paso on his way to his headquarters in San Antonio, after a trip to California.

## NINE KILLED BY AN EXPLOSION

Accident in a Reno Mine; One Man Blown Distance of 1000 Feet.

Reno, Nev., July 8.—Nine men were killed in the Nevada Consolidated mine Sunday afternoon. One or two were injured. The accident was caused by a premature explosion.

A special to the Journal from Ely, Nev., says:  
"A. L. Cook, Roanoke, a powder man for the Nevada Consolidated Copper company, and seven Austrians, and one Greek, were instantly killed yesterday afternoon when several hundred pounds of black powder and a large quantity of dynamite exploded in a drill hole."

## STEAMSHIP CITY OF PANAMA DRIFTING

Help Is Dispatched But No Trace of Vessel Has Yet Been Found.

San Francisco, Calif., July 8.—The steamer Rose City drifted the latitude of the City of Panama at 3:45 o'clock this morning and found no trace of the Pacific Mail vessel. The Rose City was sent to the aid of the City of Panama late last night, when an aerogram was received at San Pedro stating that the latter vessel was drifting 250 miles to the southwest with disabled machinery. A wireless message was received here from the Rose City today. The wireless message said it was not yet daylight and it was hoped that the vessel would be sighted after sunrise. The sea was calm.

Officials of the Pacific Mail Steamship company expressed little concern about the accident to the City of Panama, although admitting the failure of the Rose City to find her. The Rose City is headed for latitude 25 N., longitude 125 W., with orders to bring the City of Panama to San Francisco. A. J. Frey, assistant general manager of the Pacific Mail company, said that the injury to the City of Panama was believed to be a comparatively trivial engine breakdown.

The City of Panama left San Francisco July 5 in command of Capt. J. W. Carlson.

The following message was received from the Rose City at 10 o'clock this morning, by wireless station here:  
"Reached longitude 121.40 west, latitude 25.40 north, at 6:53 o'clock this morning. No trace of the City of Panama. Weather 90. Can see about four miles."

## THREE MURDERERS ARE ELECTROCUTED

One Was Member of Band of Italians Who Killed Mrs. Mary Hall.

Ossining, N. Y., July 8.—Three men, Giuseppe Ciroli, George Williams, negro, and Santa Zanza, an Italian, were put to death in the electric chair in quick succession at Sing Sing penitentiary this morning. All were convicted murderers.

Santa Zanza was one of the band of six Italians convicted of the murder of Mrs. Mary Hall, wife of Henry Hall, a superintendent of construction on the Croton aqueduct, in a lonely farmhouse at Griffin's Corners, West Chester, November 1, 1911. His companions in crime are to be executed during the week of August 12. In a letter to governor Dix, Zanza confessed the actual murder of Mrs. Hall, but claimed he was forced to kill her by Angelo Guise, who had accompanied him to Mrs. Hall's room and who threatened to shoot him unless he obeyed.

Spend two hours at the cool, comfortable Airdome and enjoy an evening of real fun. Get your seats early. The prices are 25 cents and 35 cents; boxes, 50 cents. The sale of seats is on at Ryan's."

## YOUNG GIRL IS BRUTALLY MURDERED

Visits Park and Suddenly Disappears—Body Is Wrapped in Old Skirt.

New York, N. Y., July 8.—Julia Conners, a 12 year old girl, was murdered in a fiendish manner yesterday. Her body, bearing 86 wounds, evidently made by a Stiletto, but still retaining a breath of life, was found in a vacant toilet in the Bronx. The child died without having regained enough consciousness to identify her slayer with more than the explanation that "he was a man."

The girl was one of four children of Edward Conners, a shipping clerk, who lived nearby. On Saturday afternoon she visited Crotona Park, but suddenly disappeared. A boy found the body early yesterday wrapped in a torn skirt. The hair had been cut off. One of 36 wounds was a stab in the heart. Her throat was also partly cut and a stab in the back had pierced the lungs.

Later last night police said they had definitely established the fact that the attack on the girl was made in a vacant apartment on the second floor of a house beside the lot in which she was found. Evidence in the bathroom of the apartment leads the police to believe that the girl was murdered there. The bathtub was bloodstained and on the floor were found quantities of the girl's hair.

## BESSIE MCCOY TO MARRY

RICHARD HARDING DAVIS

Author Will Become the Husband of the Girl Well Known to El Paso Theater Goers; Today the Wedding Day.  
New York, N. Y., July 8.—Richard Harding Davis, author and playwright, announces that he and Miss Bessie McCoy, the dancer, will be married today. This will be Mr. Davis' second matrimonial venture. He was married in 1899 to Miss Cecil Clark, the daughter of a wealthy iron manufacturer, in Chicago. They separated in 1909, and she got a divorce from him two weeks ago in Chicago.

Bessie McCoy was seen in El Paso two years ago in the "Three Twins" company. She did the "Yama Yama" song and dance and was the big act of the show. When the El Paso Shriners were in New Orleans later in the season the same company was playing at the Tulane theater and the El Paso bunch attended in a body and afterward gave a dinner party to Miss McCoy.

## ROUGH SCALY SKIN

**LITTLE PATCHES THAT PEEL OFF AND FORM AGAIN.**

Try this Remedy at Our Risk.  
Most skin diseases are eruptions accompanied by itching. But there is another kind in which "Yama Yama" scales appear and fall off, followed by another crop. This may spread all over the body and become almost incurable.  
A soothing application of Saxo Salve, our new skin remedy, should be made. This is very healing and penetrates through the outer layer of skin to the very seat of the trouble, destroying the germs.  
Treated in this way, as directed by the book in the box, the scaly patches disappear and are replaced by smooth, healthy skin. Saxo Salve is wonderfully healing and soothing in all forms of skin diseases, eczema, barber's itch, ringworm, etc., and we guarantee it to satisfy you, paying back your money if it does not. Kelly & Pollard, druggists, El Paso, Texas.
